

MonLines MTS400B

Monitor table stand, height adjustable up to 32"

Description

The MTS400B desk monitor stand with integrated storage compartment for small devices impresses with its functionality and practicality. Equipped with non-slip silicone pads, it offers a stable hold for screens with a diagonal of up to 32 inches. With the stable base, the monitor mount carries almost any type of screen that is frequently touched and must remain stable. The table stand from MonLines is tiltable and height-adjustable and is ideal for e.g. control monitors, cash register systems, POS, keyboard text displays or monitors.
