

MonLines MTS700W touchscreen desk stand, white

Description

The MonLines MTS700W monitor stand in white is a tiltable monitor stand for touchscreens and other screens with a display size of 10 to 22 inches. The table stand with non-slip base can be easily folded up and stored away to save space. The discreet and stable touchscreen stand is made of steel and plastic. The table mount has the VESA standard 75x75 and 100x100 mm for mounting the screen.

This solid monitor table mount MTS700W impresses with its simple functionality. Due to the flexibly adjustable inclination of the monitor holder on two joints, the display stand can be used in restaurants, for example, as an ergonomic and stable operating terminal or to present customer information on the sales counter. The joint with the monitor / touch screen can be tilted 115 degrees.
