

MonLines SBH004 soundbar mount up to 86 inch

Description

With the MonLines SBH004 soundbar mount for TVs up to 86 inches, the soundbar can be positioned under your TV in a space-saving and visually appealing way. The universal soundbar bracket in sleek black can be attached effortlessly to a VESA mount of the TV set. The sounbar panel mount can also be combined with a monitor mount, for example a swivelling monitor mount.

Mounting location: back of the TV set - The soundbar mount follows every movement of the TV and is therefore optimally positioned in the living room, saving space.
